Total	\$1.50

About Our Canteen

The tuckshop aims to offer quality food choices that children enjoy while fuelling them for their school day. Tracey Andrews, our Tuckshop Convenor, oversees the smooth operation of the canteen and welcomes the help and time of parents and carers to offer this service. There is also a Tuckshop Committee that meets each term to support Tracey and the operations of the tuckshop.

Lending a Hand in the Tuckshop

Our recently refurbished tuckshop is a great place to catch up with others and to contribute to the school. Students love to see someone they love in the tuckshop during their break.

Flexible shifts are available or baking some homebake from our recipe collection is always appreciated.

Why not get together a team from your class to come in once in a while?

Why are some foods available only at certain times or only over the counter?

Our tuckshop is an efficient food service, but our volunteers need your help to ensure we can get everything ready on time. The availability of certain menu items at certain times is designed to help the smooth operation of the tuckshop and to ensure food reaches students fresh and ready to eat. This is also to assist you in planning your child's lunch with them.
